

My local community is always in need to hear about Jesus Christ. Not just in my community but all across America. If K-love was to be taken off the air so many people would not get the chance to hear about Jesus Christ, so many children would not hear or learn good principles or values in any other way. I can't stand the thought of not being able to share the Good News. I support K-love in all they do. If just one person is touched in some way or if one person is brought to Jesus, how could you possibly take them off the air and replace it with something of no moral value to anyone.
